

Digitalisation, Life is your creation

Eramus+ YOUTH EXCHANGE

16-23 APRIL

ROME, ITALY

ABOUT THE PROJECT

The main objective of the "Digitalization, Life is Your Creation" initiative is to empower the younger generation and encourage their active and conscientious participation as citizens in the digital realm. This is achieved through imparting essential digital literacy skills and advocating for responsible and ethical values. Intercultural learning, respect and understanding are promoted as part of the program, as well as a focus on raising awareness about the importance of being responsible online through improving digital literacy

The program also empowers young people with critical thinking skills to navigate the digital landscape. It seeks to promote the importance of managing digital footprints, preserving personal information online, stimulating thoughtful discussion on the ethical challenges associated with digital citizenship. Furthermore, the project addresses the issue of cyberbullying, aimed at raising awareness among victims and witnesses.

This program increases empathy and understanding by engaging participants in the role played by the cyberbully and the victim, stimulating critical thinking in technology of users, and by advocating for digital security and responsible engineering practices. To achieve these goals, the project looks forward to providing an innovative approach to building supportive and positive online communities. It encourages participants to consider different perspectives and engage in dialogue on digital ethics, ultimately aiming to raise awareness about the importance of digital citizenship and the role individuals play in creating a safe and respectful digital environment.

ACCOMODATION

Seven Hills Camping Village – A Relaxing Stay in Rome

Located in the green Veio Park, Seven Hills Camping Village is a peaceful place to stay while visiting Rome.

Rooms:

Two participants per room. Bathrooms and toilets are shared.

Easy Travel:

A shuttle takes you to the metro, making it simple to reach the city center.

Notes:

Bring your own towels and hygienic items such as shampoo, gel, toothpaste, and slippers. Please note that the venue is located far from the city center – it is a camping area. Set your expectations very low, as it is a small wooden house in the forest.

📍 Address: Via Vittorio Trucchi 10, 00189 Rome, Italy

What to Bring

A positive mood, energy, and a friendly attitude.

A reusable water bottle (tap water in Rome is safe to drink, but you'll need to refill at fountains).

Food, drinks, costumes, etc., to showcase your culture during intercultural night.

Note: We are looking for open-minded, project-oriented individuals. This youth exchange project uses non-formal learning methods—such as flip chart presentations, theater, social media contests, and TikTok videos—with no formal trainer. The schedule is full from 10 AM until dinner, so please set your expectations accordingly.
